MIDLAJ PLYWOODTM

MIDLAJ INDUSTRIES PRIVATE LIMITED

मिडलाज इन्डस्ट्रिज प्रा.लि., जानकी-३, नेपालगन्ज, बाँके

2026 / 27

Nepali made plywood, built for the way our market actually builds.

नेपालमै उत्पादित प्लाइउड। बलियो, टिकाउ र भरपर्दो।

A manufacturing house, not a trading name.

उत्पादक घर, व्यापारिक नाम होइन।

built right,
sold honest.

सही बनाइयो, इमान्दारीसाथ बेचियो।

Manufacturing, not trading.

हामी व्यापारी होइनौं, उत्पादक हौं।

Midlaj Plywood is the manufacturing arm of Midlaj Group, running a full cycle plywood plant at Janaki-3, Nepalgunj, Banke.

Peeling, drying, gluing, pressing, sanding and finishing all run inside our own factory, under our own supervision. That control is the product. Core gaps, glue spread, press cycle and moisture are decided on our floor, not bought in from someone else's line. When a dealer sells our sheet, he knows exactly whose hands made it.

What we stand behind / हाम्रो प्रतिबद्धता

Even build

Consistent thickness and even sanding, sheet after sheet.

एकनास मोटाई

Full press cycle

Controlled moisture and complete pressing, with no short pressed material.

पूर्ण प्रेस साइकल

Honest dispatch

Straight edges, square sizing and a true sheet count on every load.

सही गणना

Direct factory supply. No middle layer between the plant and the dealer. Custom sizes, thickness and grades are produced against confirmed orders.

अर्डर अनुसार साइज, मोटाई र ग्रेड बनाइन्छ।

Inside the plant / उत्पादन प्रक्रिया

Peeling

Log to veneer

Drying

Moisture set

Gluing

Full spread

Pressing

Timed cycle

Sanding

Even surface

Finishing

Sized, checked

Every stage runs on our own floor at Banke. Nothing is job worked outside.

The finishing section.

Sheets sized, sanded and checked before they are allowed onto a truck.

Four brands, one factory floor.

चार ब्रान्ड, एउटै कारखाना।

FURNITURE & INTERIOR

NATURALPLY

Everyday commercial plywood for general furniture and interior work. The counter default for carpenters.

SITE & CONTRACTOR

RASTRAPLY

Volume grade sheet for contractors and site work, where quantity and turnaround decide the order.

FABRICATION & PACKING

ECONOMICPLY

Budget line for cost sensitive fabrication and packing use, priced to hold volume dealers.

DEALER COUNTER

NEPALPLY

Nepali market commercial grade, the dealer counter staple that moves fastest across the region.

Where our plywood goes / प्रयोग क्षेत्र

Furniture

Wardrobes, beds, kitchen units, office and shop furniture.

फर्निचर तथा किचन

Interior and site

Partitions, panelling, ceiling backing and door shutters.

इन्टेरियर तथा निर्माण

Trade and industry

Fabrication, packing cases and general commercial use.

व्यापार तथा उद्योग

Same quality, a different brand for each dealer. All four run on the same line, the same press cycle and the same checks. What changes is the name on the sheet, so two dealers in one town are not fighting over the same brand at their own counters.

गुणस्तर एउटै, हरेक डिलरलाई फरक ब्रान्ड।

WHAT WE STAND

Behind

Sizes, thickness, weight.

साइज, मोटाई र तौल।

Commercial plywood / कमर्सियल प्लाइउड

SIZE	THICKNESS	TYPICAL USE
8 × 4 ft	6 · 9 · 12 · 18 mm	Wardrobes, partitions, panelling, full panels
6 × 4 ft	6 · 9 · 12 · 18 mm	Cabinets, tables, shop fitting
6 × 3 ft	6 · 9 · 12 · 18 mm	Shutters, backing, small fabrication

Speciality plywood / विशेष प्लाइउड

PRODUCT	SIZE	THICKNESS	WEIGHT	APPLICATION
Shuttering plywood	8 × 4 ft	12 mm	23 kg	Concrete form work

Also manufactured / अन्य उत्पादन

PRODUCT	DESCRIPTION
Block board	Core board for shutters, tables and long span panels
Flush doors	Solid core doors produced to order

Other sizes and thicknesses produced on order. Standard supply runs 3:2:1 across 8 × 4, 6 × 4 and 6 × 3.

How the sheet is built / सिट कसरी बन्छ

Cross laid plies give the sheet its stability. Thickness and ply count vary by product.

EXPORT

Loaded for India.

This load, counted and sheeted in our own yard, ran to Prayagraj, Uttar Pradesh through the Rupaidiha (Bahraich, U.P.) point. We supply several Indian cities on the same route.

रुपैडिहा नाका हुँदै भारतका विभिन्न सहरसम्म आपूर्ति।

See the plant. Then decide.

Come without notice. Dealers across Nepal and buyers in India are welcome to inspect a
load before it leaves the yard. Contact details are on the last page.

जुनसुकै बेला आउनुहोस्, माल जाँचुहोस्।

Made to standard. Supplied on time.

गुणस्तर अनुसार उत्पादन, समयमै आपूर्ति।

Quality control / गुणस्तर नियन्त्रण

Production is run against the IS 303 specification for commercial plywood. Samples from our line have been drawn and sealed for laboratory testing under the BIS Foreign Manufacturers Certification Scheme, with the factory audit already completed. Internally, every batch is checked for thickness, bond, moisture and finish before it is allowed onto a truck.

Supply terms / आपूर्ति सर्त

We supply dealers, contractors and fabricators across Nepal, and export to buyers across several Indian cities, with loads crossing at the Rupaidiha (Bahraich, U.P.) point. Rates are quoted per square foot by thickness. Current rate list, discount terms and dispatch timelines are issued separately on request.

Ordering: confirm brand, thickness, size split and quantity. Dispatch is scheduled against confirmed orders and advance terms.

अर्डर गर्दा ब्रान्ड, मोटाई, साइज र परिमाण स्पष्ट रूपमा उल्लेख गर्नुहोस्।

Certification / प्रमाणीकरण

ISO 9001:2015

Quality management system certified by Globus Certifications, certificate AB20X32022269. Scope covers manufacturing and sale of plywood, doors, block boards and allied items.

IS 303 • BIS FMCS

Factory audit completed. Sealed samples from our line are under laboratory testing.

Full certificates are issued to any buyer on request, along with test reports and dispatch records.
